Brintons, specified by TVS Design, designed 8,500 square yards of custom axminster carpets for The Ritz-Carlton, Naples in Florida.

*"Brintons was selected to provide carpet for the Ritz Carlton Naples Prefunction and Meeting Rooms. The concepts presented by TVS Design was an elegant perspective and presented a fantastic challenge. It was our goal to capture their hopes of the "sea life" that surrounded the property but with a modern twist. Using a beautiful twenty-four color palette, High Definition Weave, enhances an absolutely stunning space to be enjoyed by the many who visit."*
