SELF EXPRESSION
SUMMER 2023

rove

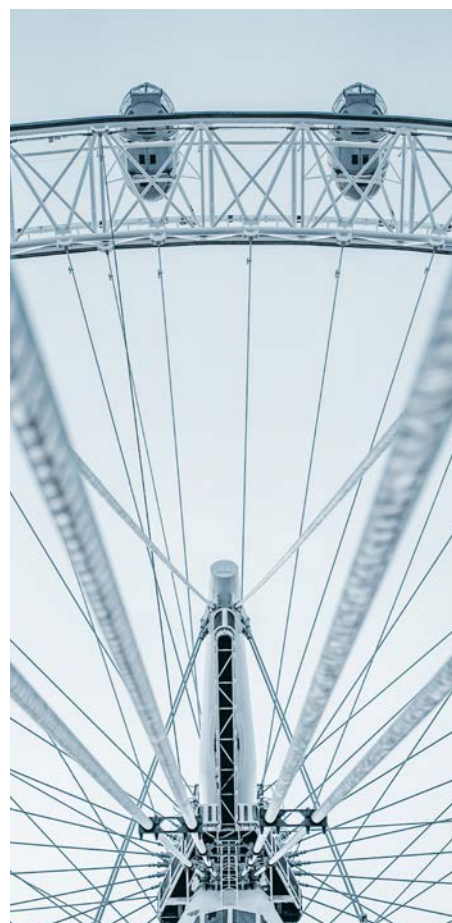

Brintons proudly presents our Self Expression Summer 2023 collection from Mandy Middlehurst, Senior Designer.

Inspired by a sense of exploration and the ever-changing perspective encountered through life's travels. Rove bridges art and design through three patterns visualized in three color-ways: strong & sophisticated, bright & bold, and soft & subtle.

Embrace a new outlook and the spirit of adventure where the interplay of color and pattern embarks on an endless journey of self-discovery and introspection. Choose the patterns as they are shown here or customize them to your specific needs.

Join in the self-expression at Brintons Design Studio Online (dso.brintons.net).

"If the destination is the end of the chapter, then the journey is the beginning. It can be one thing and then something completely different in a new perspective, although it is still the same."

During a recent trip to England, I took inspiration from historical architectural lines and created two designs. I then took a photograph from this trip and turned it into a paint-by-numbers canvas which became the source of inspiration for the third design. Incorporating three colorways show how the patterns can be used anywhere from a ballroom to a casino to an airport lounge.

By using various sources for inspiration, style, and technique and then pulling them together to create a unique design collection was a journey in itself that challenged me to stretch outside of my comfort zone. When working on a project, the client, designer, and everyone involved take a similar journey. I'd like to think that this collection illustrates the adventure."
