

Brintons

Name: The Maven Hotel
Details: Axminster: 2,300 SY
Hand tufted: 1,300 SF
Date: 2017
Photography: Andrew
Bordwin Photography

Brintons and Johnson Nathan Strohe design approximately 2,300 square yards of custom axminster carpets and 1,190 square feet of hand tufted rugs for The Maven Hotel.

"Based on our past experiences with Brintons on several hospitality projects, we looked to the axminster experts for The Maven right out of the gate. We shared our concept and design story with the Brintons team who immediately engaged in our process. Brintons found ways to meet our deadlines and budgets, while making suggestions along the way on how to execute for the best possible result."
