

The background is an abstract watercolor wash in shades of blue, purple, and pink. A small black dot is positioned in the lower-left quadrant, from which several thin, dark lines radiate outwards across the page.

Brintons proudly presents our Self Expression Spring 2023 collection from Katie Nehrbauer, Senior Designer.

Inspired by topography, urban mapping and aerial imagery, Wanderwell is a thoughtful curation of six elegant carpet patterns with artistic flair.

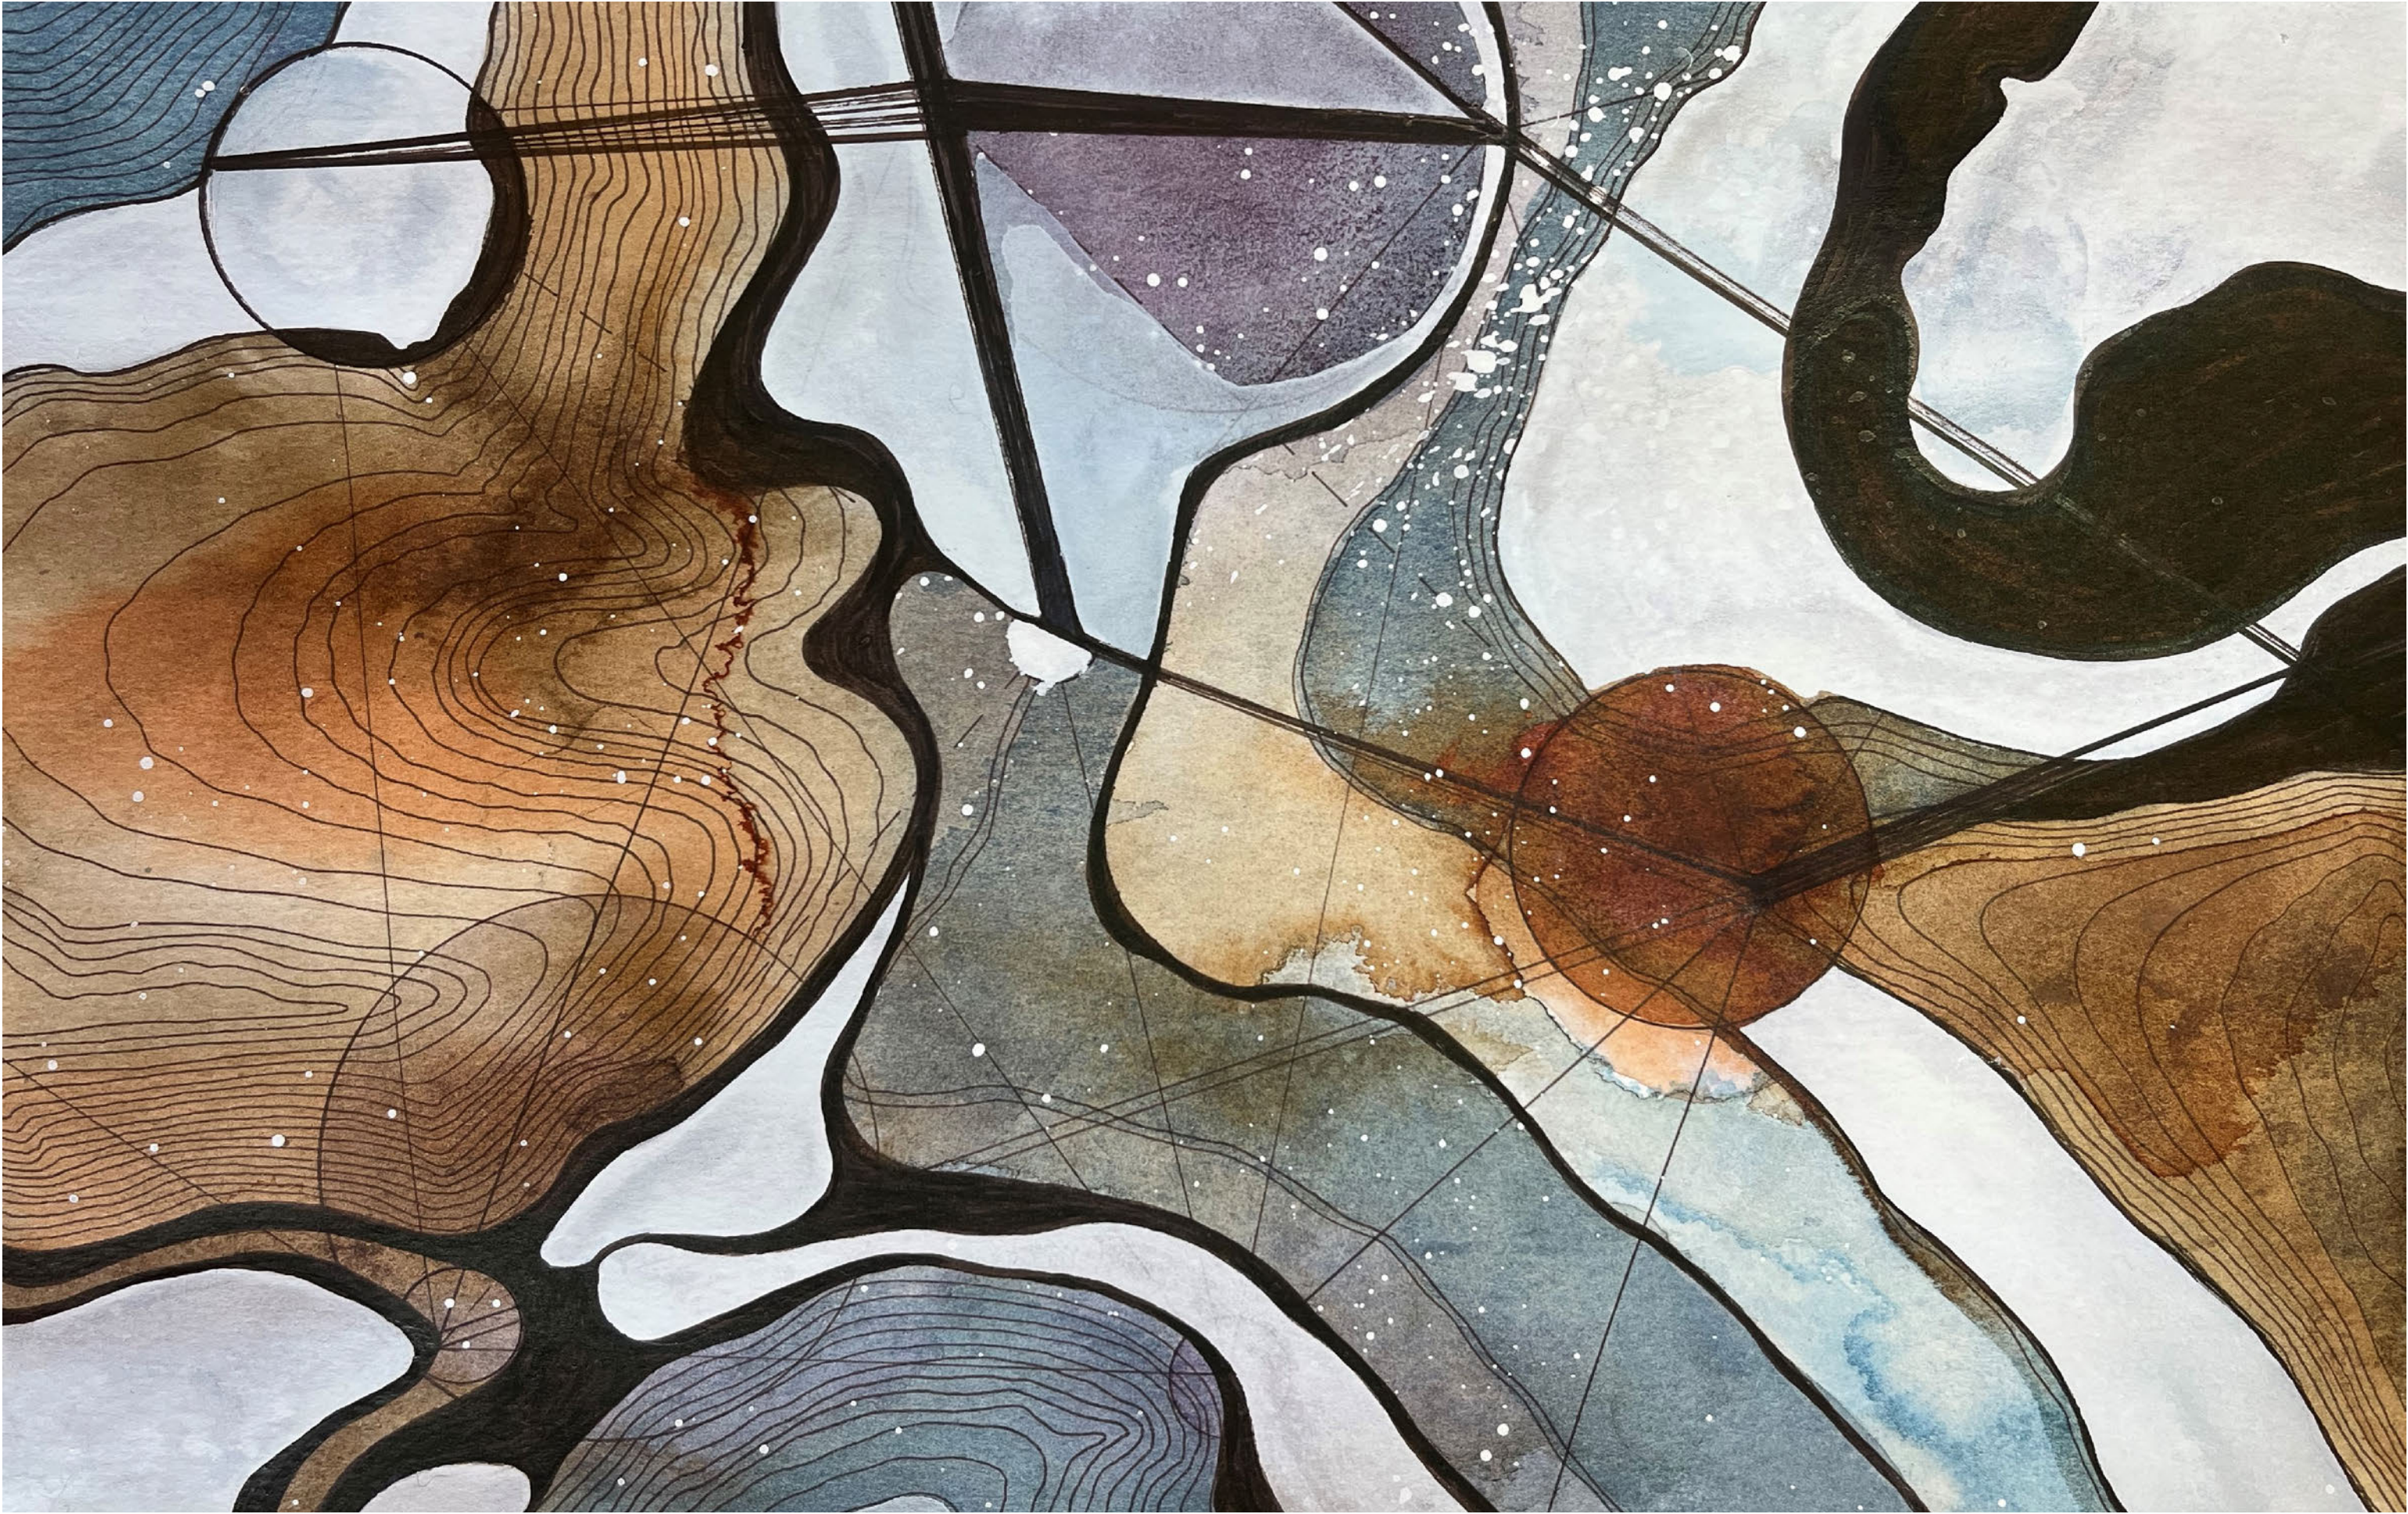

With an abstract style, these designs combine layers of organic and structured elements, textures from handmade artwork and serene color palettes. The result is a collection that is versatile, refined and approachable.

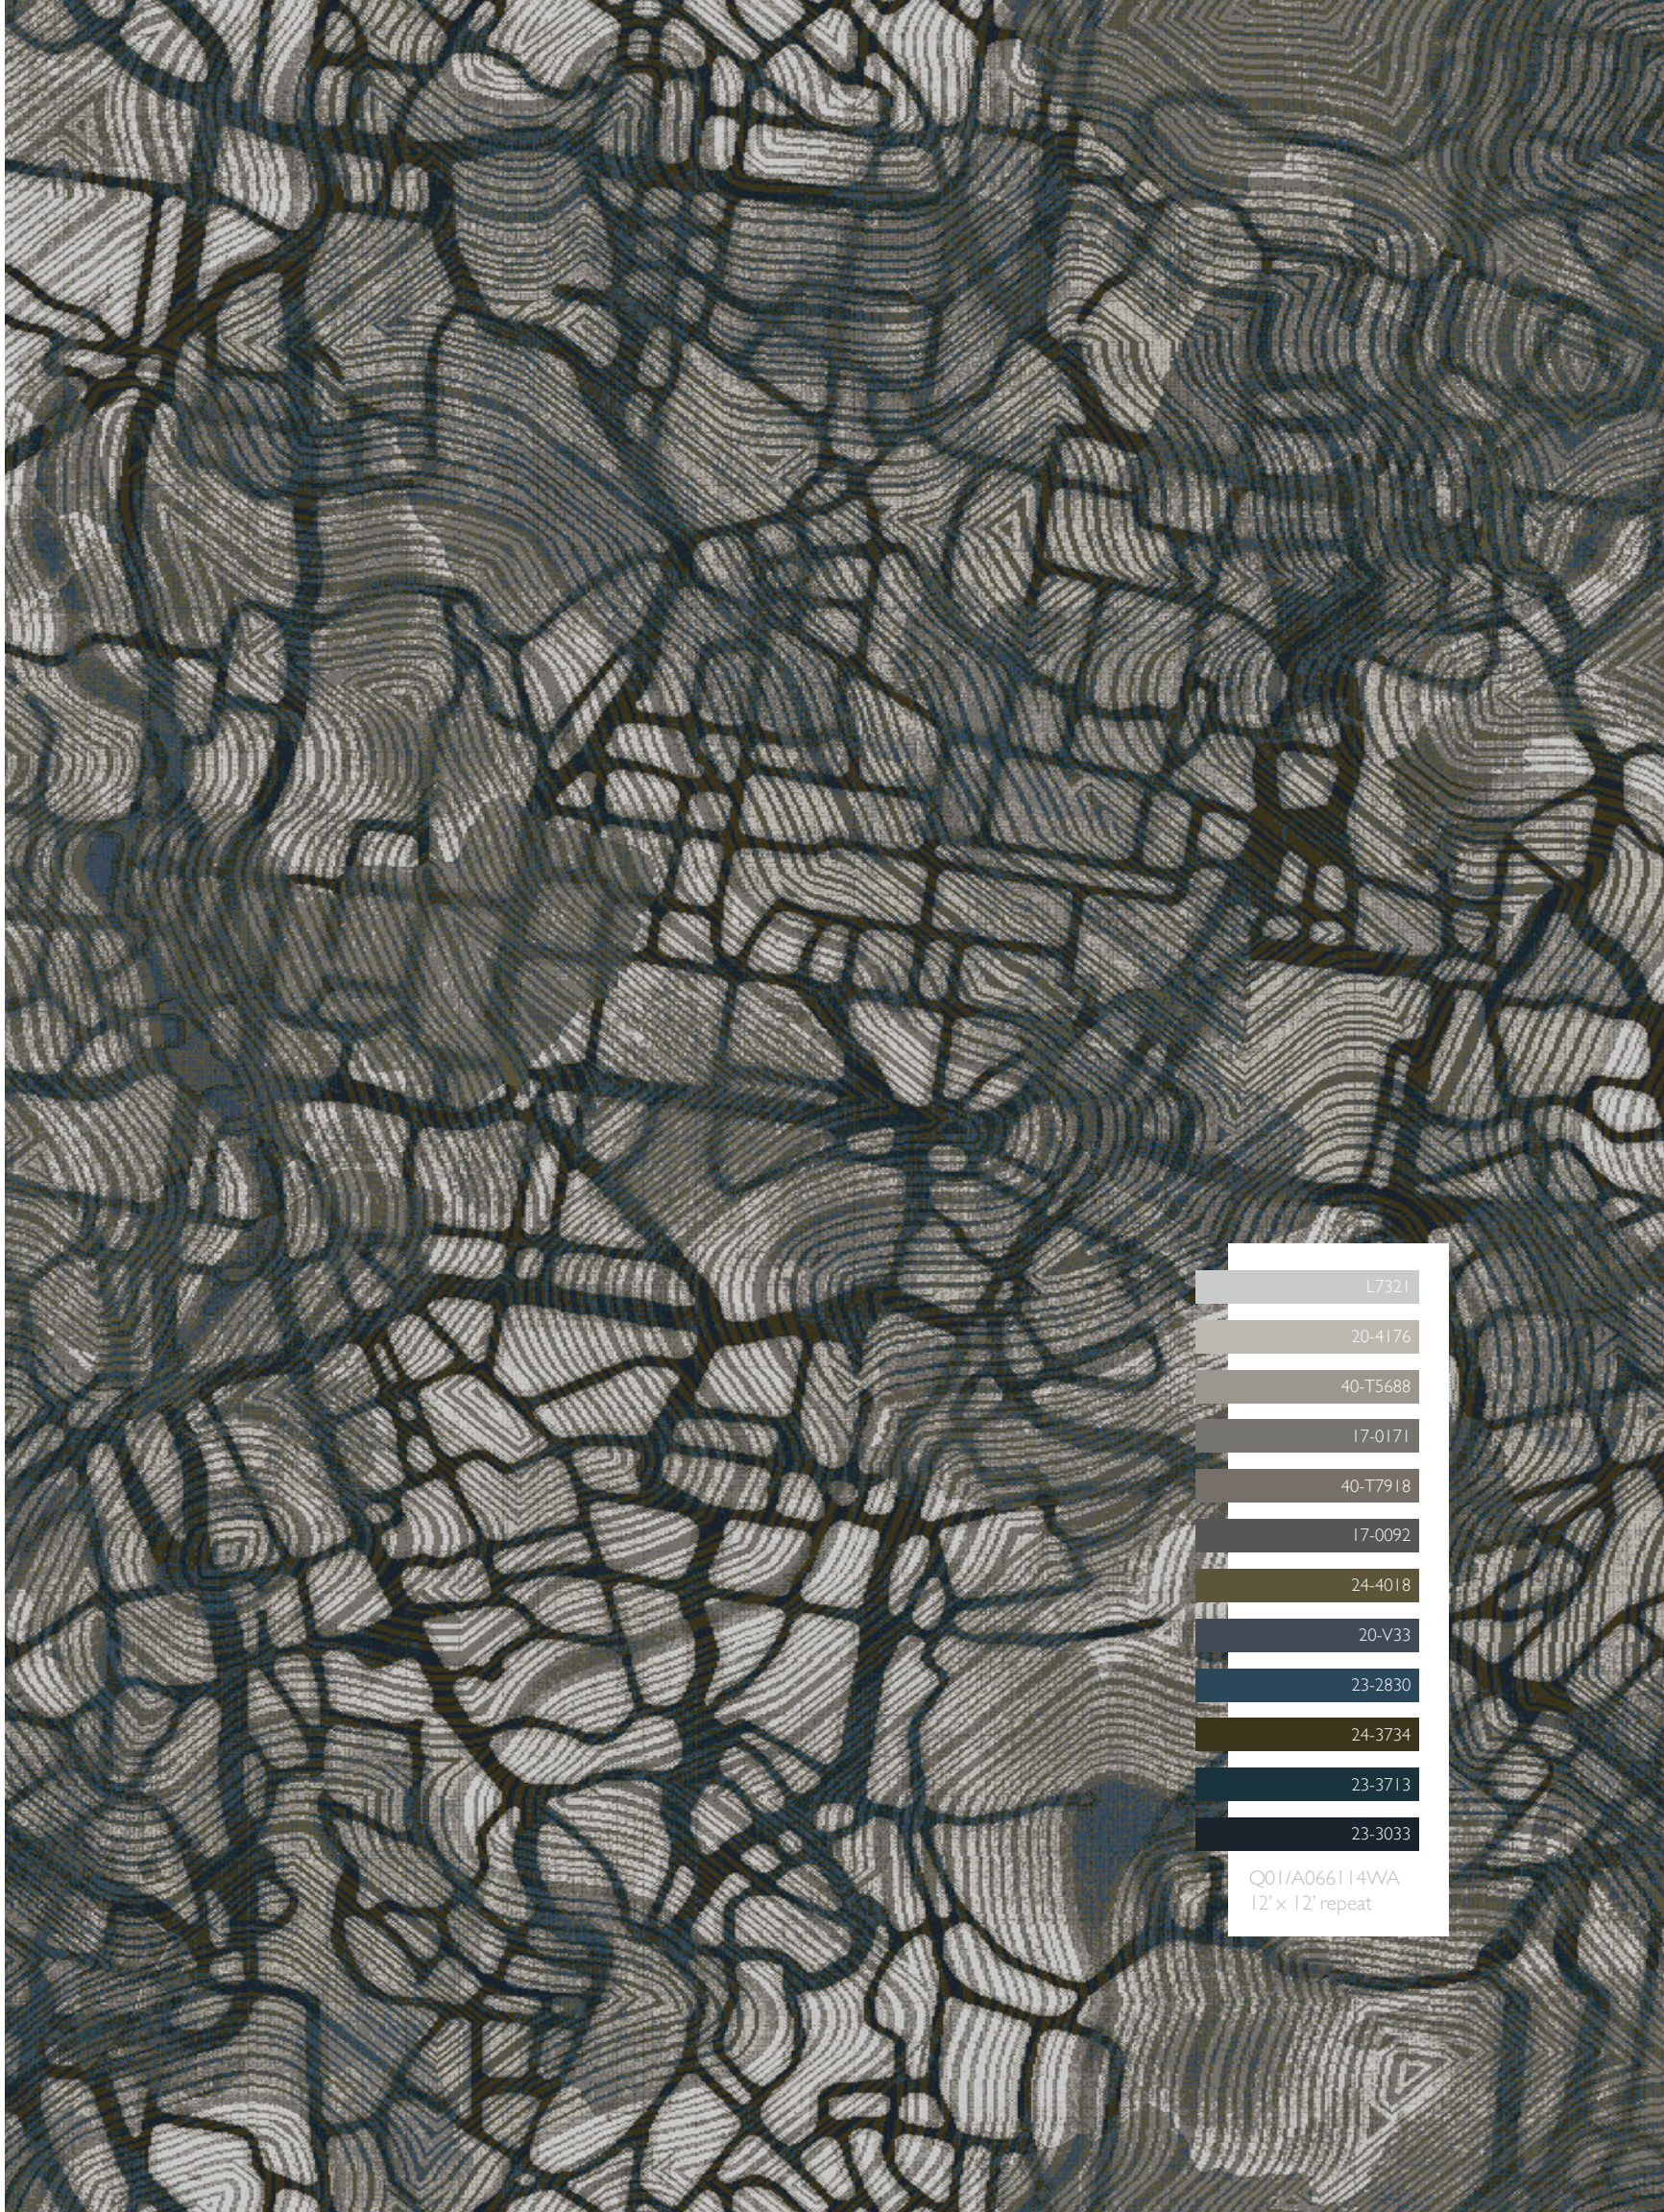

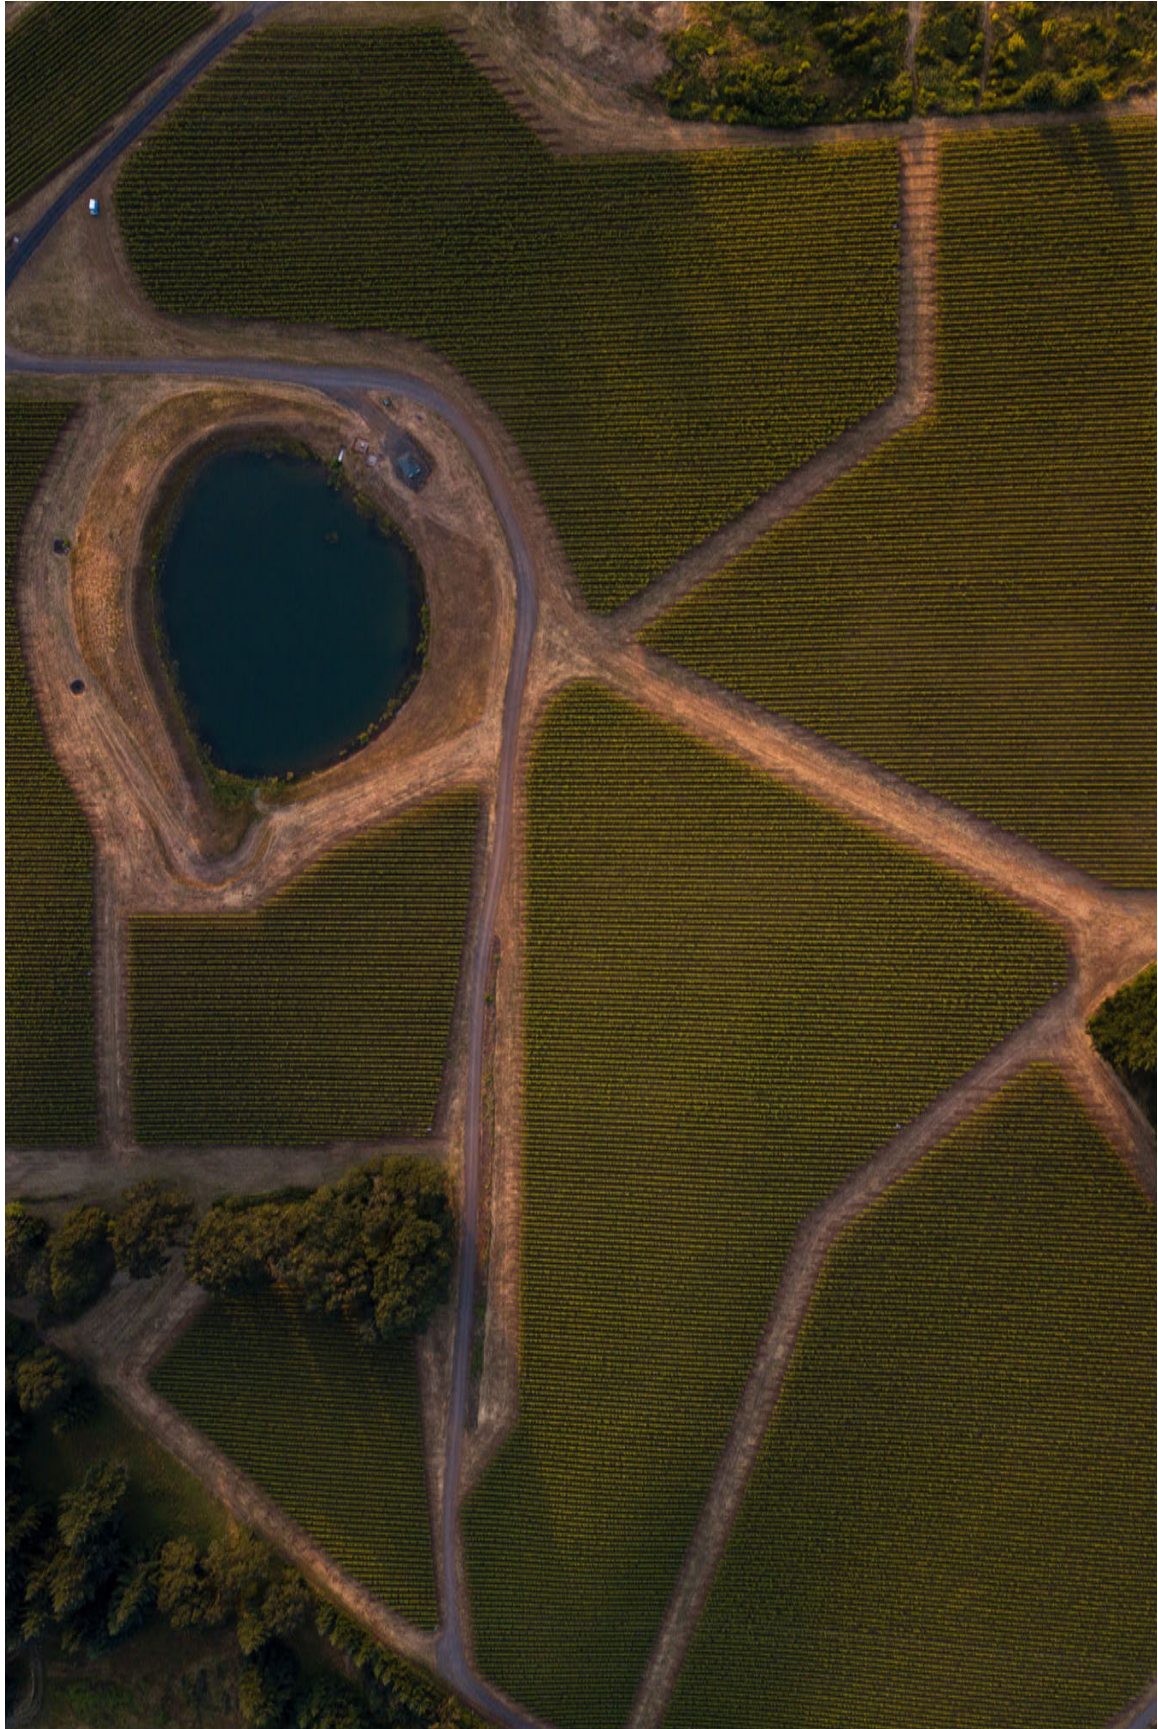

Choose the patterns as they are shown here or customize them to your specific needs. Join in the self expression at Brintons Design Studio Online (dso.brintons.net).

"Nature is a mainstay source of inspiration that never goes out of style. How you interpret nature makes a design look fresh and new, not the source itself. A lot of our clients are wary of carpet designs that are too literal unless it really works, so we must find the right balance. If you look at something abstractly and remove all the literal qualities, you see nuances that you didn't notice before. Layers of ice on a frozen lake can look like clouds. An aerial view of a city at night can look like delicate leaf veins. Once you find a new way of looking at something, ideas begin to flow again.

I wanted to challenge myself with this collection. Not only with the concept but also the approach. To add a personalized touch, I used drawing and painting alongside working digitally, going back and forth between the mediums to try out different ideas. My hope is that our clients enjoy all the nuances from the refined layering, textures and color palettes. These designs can stand on their own, but they also complement one another. The real beauty of this collection is that it is versatile."
