From unique statement-piece lobby rugs to intimate one-off guest rooms to expansive public spaces, Brintons offers a flexible rug platform designed to meet your vision, timeline, and budget — without compromising quality.

AXMINSTER RUGS

Brintons Axminster rugs are renowned for their intricate pattern capability and long-term performance. Woven using premium wool-rich yarn systems, Axminster delivers:

- Superior pattern definition and color clarity
- Exceptional resilience for high-traffic environments
- Ideal performance for guest rooms and public spaces

Perfect for projects requiring bold design expression with proven durability.

UNMATCHED DESIGN. PRECISION. EXCEPTIONAL DURABILITY.

WILTON RUGS

Our Wilton rugs combine sophisticated construction with the warmth and richness of premium wool yarns. With a dense, luxurious pile and elegant finish, Wilton provides:

- A smooth, refined surface with dimensional texture
- Plush pile giving unparalleled comfort underfoot
- Ideal solutions for guest rooms and public spaces

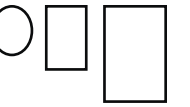

Wilton offers a balance of understated elegance and everyday durability.

HAND TUFTED

For statement-making public spaces, our Hand Tufted rugs provide ultimate design flexibility with handcrafted appeal. This construction allows:

- Custom sculpting and texture variations
- Rich depth and tactile dimension
- Bespoke luxury for lobbies, suites, and specialty areas

Hand Tufted delivers artistry at scale while maintaining Brintons' standards of quality and performance.

Design sets the tone from the very first step, shaping a sense of place that carries guests seamlessly from arrival to retreat.

From lobbies and corridors to meeting spaces and ballrooms, Brintons public space rugs create high-impact visual statements through sculpted texture, dimensional design, and custom scale, all while delivering the durability needed for heavy traffic. In guest rooms, Axminster and Wilton constructions bring that same level of performance into a more intimate setting with added comfort, acoustic benefits, and long-term resilience.

Together, these solutions create a cohesive, refined aesthetic that flows seamlessly from public spaces into private retreats. With flexible construction options and tailored price points, each application is designed to meet brand standards without compromising on performance or design.
