Rug maintenance and cleaning 270

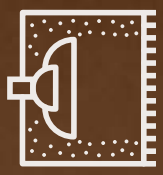

Making a mark for over 50 years

Since the company was founded in 1975, Agnella has become a name synonymous with unique and stylish wool rug designs of the finest quality. Each piece is designed and made by our highly skilled team using the latest technology, creating beautiful and individual pieces to be enjoyed now and for many years to come.

Why wool

Learn about the benefits of wool.

Easy to maintain

A rug with a wool pile has a natural protective layer provided by the natural oils in the sheep fleece which prevents dirt from sticking to the fibre and makes it easily removable.

All year round comfort

A wool rug insulates cold floors in winter, increasing the feeling of warmth. In summer, it absorbs excess moisture from the air lowering the humidity in your home.

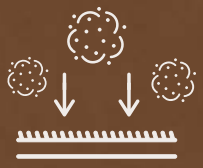

Excellent sound absorber

The peace and quiet of your own home is particularly precious. Wool rugs are excellent at absorbing sound and prevent it from travelling to the rooms below.

Renewable raw material

Our wool rugs are woven using the highest quality yarns, produced from the fleece of sheep from New Zealand and the United Kingdom, we are proud owners of Woolmark, British Wool and New Zealand Integrity certifications.

Naturally hypoallergenic

The surface of the wool fleece traps dust and other impurities which keeps them from spreading in the air, this makes wool naturally hypoallergenic and a great solution for people with asthma or allergies.

Sustainable

Wool fibre is 100% biodegradable and fully renewable making a wool rug a more eco-friendly option.

Air purification

Positive air ions are created by electrical equipment inside our homes, there is sufficient evidence to suggest that these have a negative effect on our health. As a natural material wool creates negative ions which helps to neutralise the air.

An investment for years

Using quality yarns and expert manufacturing you can be sure that a wool rug will stand the test of time.

Naturally flame-retardant

Owing to the natural properties of the fibre, wool rugs are flame retardant. In case of a fire, wool does not transmit the flame and does not melt.

Purely Natural
by Brintons

Purely Natural rugs

Woven using 100% undyed wool with a cotton, jute and natural rubber latex backing, Purely Natural rugs offer a more sustainable and renewable choice without compromising on quality and durability.

Design Discoveries

Rugs inspired by the archives of the V&A

Design Discoveries takes us on an inspirational journey through the V&A's (Victoria and Albert Museum) archives from decorated tapa cloth from the Pacific islands to embroidered fabric swatches from 1920s New York.

Combining the V&A's vast collection with craft, quality and skill has produced a stunning array of 32 wool-rich rugs that offer a stylish and contemporary take on the past.

As nature intended

The beauty of raw wool inspires each rug design that we create, and many are crafted using undyed wool of varying hues in order to celebrate this incredible natural material's true colours. As well as being attractive to the eye, undyed wool is also kind to our environment, using less water during production and no chemical dyes.

Natural selection

As the wool experts, we take great pride in selecting the world's best New Zealand wool, from which we then make our own unique yarn. Fine and delicate in texture, New Zealand wool yarn enables our looms to weave the intricate and detailed designs that have become the Agnella brand signature.

A cut above

We know from over 45 years of experience that even the smallest detail can yield remarkable effects. Our experienced weavers ensure each thread is perfectly placed and our craftsmen inspect and hand finish each rug. The meticulous attention to every detail and the experience of our people are what makes Agnella rugs unique.

A gentle footprint

High on style yet low on environmental impact, Agnella wool rugs show that beauty and sustainability truly can go hand in hand. One of the world's few, genuinely sustainable materials, wool is long-lasting, incredibly hardwearing and completely biodegradable. Teamed with timeless Agnella design, wool is a rewarding choice for both your home and the planet.

Another dimension

Harnessing innovative techniques and technologies, Agnella reaches new heights of rug design and creativity. To create the three-dimensional patterns of our contemporary Noble collection varying pile heights are combined to bring a stunning textural quality to the designs.

Morphic by LADNINI x Agnella

The Morphic collection designed by LADNINI consists of natural rugs that move the brand's unique style into a new dimension. Each rug in this collection is a tribute to nature, inspired by organic forms, which LADNINI successfully transfers to interiors, creating cohesive and harmonious compositions.

The artist and the muse

Endless inspiration can be found in the world around us, but most of all in the beautiful wool that we are fortunate to work with. With its natural texture and subtle shade variations, few materials can match the extraordinary versatility of wool. This enables our talented design team to express their creativity to the fullest and bring alive these wonderful works of art beneath your feet.

WOOL Integrity NZ

The Wool Integrity™

This programme is designed to provide assurances to the International market place around important consumer expectations such as Animal Welfare and Environmental Sustainability, Traceability, Wool Quality, Health Safety & Wellbeing, and Social Compliance.

WOOLMARK PURE NEW WOOL 563014426

Woolmark – International Trade Mark

We have the Woolmark license, awarded by AWI (Australian Wool Innovation), which lets use the International Trade Mark Woolmark. Only products made from the pure new wool, which meet strict quality standards, can be marked with this mark.

BRITISH WOOL Blend

British Wool

We have the British Wool License confirming that for rug production we use the best quality wool from the UK. The license authorizes us to mark our products with the British Wool sign.

All rugs have a hygiene certificate of National Institute of Public Health NIH – National Research Institute in Poland.

Rug maintenance and cleaning

Vacuuming

Proper vacuuming is a key element in the preservation for woollen fibre rug. For regular cleaning of rugs with cut fleece, it is recommended to use a vacuum cleaner or beat with a rug beater. Products with cut and sheared pile cover exhibit the phenomenon of loose fibres coming out of the usable surface, worrying buyers, especially in the initial period of use. This is a characteristic feature of cut fleece products. Only a small percentage of the fleece mass undergoes this phenomenon. To reduce the period of 'dusting', it is recommended from the beginning of use – that frequent and careful vacuuming of the rug with a vacuum cleaner is performed. Also, the phenomenon of different shades occurring in products with cut fleece, new as well as used, is not an imperfection that reduces their quality, but an illusion. The pile cover is laid in different directions (through trampling, vacuuming), and the incidental light makes it look like it has brighter and darker shades.

Removal of stains and dirt

The Tempo principle is immediate action, which determines the effectiveness of removing dirt or stains. Liquids spilled onto the rug should be quickly absorbed by using tissue paper or a cloth, while other dirt should be removed gently with a knife or spoon. Stains should always be cleaned from the edge towards the centre. Do not rub the stain, friction increases the stain and distorts the fleece. Use a small amount of cleaning agent at once to avoid getting the rug wet. To avoid the formation of streaks, the contours of the stain should be sprinkled with talcum powder or potato flour. In the case of mud stains, first wait until they dry and then vacuum with a vacuum cleaner.

Wet cleaning

Only the shampooing method that protects the rug from getting thoroughly wet is allowed. It's best to use the services of a professional rug cleaning company that uses proven products and methods. When refreshing a dirty rug at home, use commercially available products and follow the manufacturer's instructions. Always vacuum the rug thoroughly before shampooing. The rug must not be soaked during the cleaning process. If shampooing is recommended, followed by the removal of greasy stains using appropriate solvents – after shampooing, the rug must be allowed to dry first. The wet product should be dried only in a horizontal position at room temperature.

Special recommendations

Do not allow heavy dirt to accumulate. Protect the rug from moisture and soaking. Avoid any creases and breaks. To remove stains, use commercial preparations after checking first that they do not damage fibres, cause staining, or will cause damage to the gluing on the underside of the rug, which will cause the backing of the rug to become loose.

The presented stain removal methods have been developed by The WoolSafe® Organisation (www.woolsafe.org). Brintons Agnella Ltd. is not responsible for the use of the means and methods presented in this cleaning and maintenance guide.

The catalogue is free and does not constitute an offer within the meaning of the Civil Code. Product colours may differ across the product range due to limitations resulting from the printing technique.

We reserve the right that due to the specifics of production, the actual colours of the products may differ slightly from the colours of the products presented in the pictures in the catalogue. There may also be differences in shades of colour between products from different production series.

The rug patterns presented in the pictures are for illustrative purposes and they may vary depending on the size of each specific rug. The designs of the products presented in the catalogue are the exclusive property of Brintons Agnella Ltd. Any copying or duplication is strictly prohibited.

Brintons Agnella Ltd. reserves the right to change the presented collections without notice. The products contained within the catalogue does not exhaust the entire offer or product range of Brintons Agnella Ltd.
