### **New EMEA Stocked Ranges Brochure from Brintons**

Brintons, the world's leading carpet manufacturer, has launched its new Stocked Ranges 2015 brochure, featuring all its latest ready-made commercial collections that are ideal for quick turn-around projects where time is critical.

Jaya Mehmie, Product Manager at Brintons, said: "Our stocked collections are perfect for any project across the globe that needs market leading, quality and high performance carpet solutions quickly.

"The brochure includes a wide range of design, style and colour options for any commercial application, from the dramatic and beautiful Timorous Beasties stocked collection, to the fresh and uplifting Padstow range.

"There's also traditional and contemporary plaids collections, the Laura Ashley range for that English country look and the flagship and regal Renaissance collection, amongst many more. Alongside the patterns, the brochure also includes a number of our luxurious plain carpet collections in a variety of colour options.

Brintons' new Padstow stocked collection was launched last summer and features patterns inspired by pop art in polka dots and geometrics. The modern and flexible collection is influenced by the seaside in soft ice cream shades of blue and pink, balanced by subtle greys.

The stocked collection from award winning Glaswegian design house Timorous Beasties, which was also introduced in 2014, is a bolder statement of design intent, with heavily illustrative insects, birds and butterflies, wood grain and leaves featuring on the beautiful range of broadloom carpets.
