Expect to be captivated by this Dark Fairytale

HD Expo 2012, a fairytale is brought to life, so anticipate high drama on booth 2931 as Brintons and Stacy Garcia unveil their latest collaboration, *Dark Fairytale*.

This winning partnership comes together to produce their fourth collection. Once again Brintons Axminster weaving expertise and Stacy's interior insight results in unique and distinctive designs specifically created with the hospitality sector in mind.

Mysterious and sensual, theatrical and staged, *Dark Fairytale* is inspired by our desire to escape.

Stacy Garcia, who will be at HD2012, reflects on her inspiration: "this collection is born through a desire for action; we are finished with the status quo and have the confidence to challenge the conventional. Thanks to Brintons' technical expertise when working with Axminster, I have been able to incorporate layers of detail to give the whole collection depth and character."

Influenced by darkness and drama, *Dark Fairytale* brings to life the mystique and intrigue of our favorite fairy tales gone awry. *Dark Fairytale* is embellished with shadowy imagery, forest tones, dark feminine motifs, and Gothic influence, *Dark Fairytale* narrates a story of what lurks in the shadows.

Mark Page, Brintons VP of Design comments on the end result: "It's great working with Stacy, she has a real insight and appreciation of how we can push our Axminster technology, the result is dramatic and captivating. This fairytale is for real, so be prepared to be wowed."
