

Brintons

Name: Boston Park Plaza
Details: Axminster: 22,000 SY
Date: 2016
Photography: Boston Park Plaza

For the reimagined Boston Park Plaza, Brintons pairs up with ParkerTorres Design Inc to create 22,000 square yards of custom axminster carpets.

"Brintons is and continues to be one of the premiere custom Axminster manufacturers in the hospitality industry. Not only is the final product outstanding in quality and design, but also the custom design process is truly an extraordinary collaborative process. This was an exciting project where an historic grand hotel meets contemporary design. This magnificent carpet design is truly an illustration of the beautiful outcome achieved as a result of a fun and productive collaboration."
