**Date:** 2012

Brintons collaborated with SFA Design on approximately 11,500 square yards of custom axminster carpet tiles at the Chumash Casino Resort in Santa Ynez, CA.

*"Representing a modern take on the Chumash culture, the design for the Chumash Resort Casino juxtaposes contemporary colors and whimsical shapes against subtle authentic tribal imagery. Sfa was inspired by a graphic painting, Parmotrema by Rex Ray, and worked with Brintons to combine elements of that piece with symbols of the Chumash to create a fresh, custom design."*
