

Brintons

Name: Davenport Grand Hotel
Details: Axminster: 17,000 SY
Date: 2015

For the Davenport Grand Hotel, Brintons collaborated with EH Design to customize 17,000 square yards of axminster carpets from The Curator by Stacy Garcia for Brintons collection.

"It was a pleasure to work with the Brintons team from the very beginning. We visited Brintons during HD Expo in 2014 and ran across the design that would work perfectly. Initially interested in two different designs, we landed on the floral Stacy Garcia pattern for the hotel's public spaces and corridors. Brintons, having cared for every need that EH Design and Davenport teams requested, have brought a new energy to Spokane."
