

The Eaton Hotel is located near to Birmingham city centre, close to Perrott's Folly and and the University of Birmingham. A unique, independent hotel with modern and stylish facilities, the Georgian property has 54 guest rooms and a fine dining restaurant.

Brintons worked with C&C Flooring Ltd to supply custom axminster carpet for the newly refurbished Regency Restaurant and Eaton Suite. A contemporary scroll design from Brintons Vector collection was chosen and recoloured in a neutral colour palette.

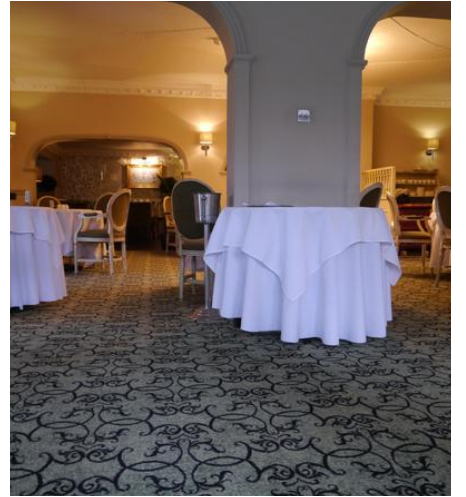

This project was made simple through the partnership between the end user, contractor and manufacturer and direction from Ian Barton our representative from Brintons. We loved every minute of it.

Roo Williams
Director, C&C Flooring Ltd
