Date: 2013

Brintons in collaboration with TVS Design, created 25,000 square yards of custom axminster carpets for Gaylord Opryland Nashville.

"Working the Gaylord Opryland Resort was one of the most amazing and rewarding projects I have worked on. Our main goal was getting people back to work who had been hit hard by the flood. Brintons did a great job making that happen when axminster carpet can sometimes be the longest leadtime. For this design we wanted the guest to feel that Garden concept as soon as they walk in the door but also to have a sense of Nashville and all that Opryland represents."
