Brintons supplied 3,100 square yards of collaborative Timorous Beasties axminster carpets throughout the reimagined Hard Rock Hotel Palm Springs – including the sunked bar area and guestroom corridors.

"Working with Brintons, allowed us the opportunity to work with patterns developed by graphic firm Timorous Beasties. Their work is both smart and beautiful with an exuberance that really spoke to us. Brintons' professional and talented staff guided us all the way along to achieve our desired effect- sophisticated, bold and modern with very vintage roots. Not unlike rock n' roll."
