

L.K. Bennett has established itself at the forefront of fashion, offering elegant collections of shoes, clothes and accessories.

Favoured by celebrities such as Pippa Middleton, Angelina Jolie and Rosamund Pike, L.K. Bennett rapidly became the ultimate destination for elegant footwear leading to the introduction of clothing collections in 1998.

Brintons have been working with L.K. Bennett since 2009 and have supplied custom hand tufted rugs to their stores throughout the UK.

“

We are delighted with the luxurious rugs Brintons have created for us, they are the perfect complement to our in-store design, helping to create a modern and welcoming shopping environment for our customers.
