

The 4-star Landhotel Am Zault is a family-run hotel set in beautiful parkland on the outskirts of Düsseldorf. The property has 59 beautifully appointed rooms, which provide elegant accommodation in a traditional setting.

Jordan Interior Design in Bochum was chosen to lead the refurbishment of the guest rooms by the owners of the hotel Constanze Weber-Feldmann and Reinhard Feldmann.

Brintons worked closely with Britt Jordan of Jordan Interior Design to develop carpets for the hotel guest rooms. The design brief was to create a floral design, which complimented the chosen fabrics and furniture.

Using the extensive Brintons online design archive on DSO (Design Studio Online) Britt was able to develop a design from the Stacy Garcia Nuance collection, which was then re-dimensioned as required with the support of Brintons Field Designer Sabijn den Braber. The design was also recoloured in a natural green hue to give the concept of bringing the outside of the hotel into the interior space.

The hotel owners were delighted with the results.

Project summary

Name	Landhotel Am Zault, Düsseldorf
Details	Stacy Garcia Nuance Collection L2883SG, ax718, ax718a 950 sqm guestrooms
Date	Oct 2012
