Brintons collaborated with Wimberly Interiors and the Seminole Tribe of Florida to create 6,000 square yards of custom axminster carpet for the brand new Seminole Hard Rock Hotel & Casino Tampa.

*"Brintons team has provided an exceptional service not only throughout the design stage but all the way to the installation. With the very tight constraints on the project, they made it happen while keeping the positive upbeat attitude. The carpet enriched the space and helped us achieve the aura of elegant premium gaming parlor that we were aiming for."*
