

Brintons

Name: The North Charleston Performing Arts Center and Charleston Area Convention Center

Details: Axminster: 14,000 SY

Date: 2015

Brintons, in collaboration with Charleston based architecture and design firm LS3P, designed the 14,000 square yard tribute to Charleston's natural environment.

"Working with Brintons was a very easy process. We really tried hard to eliminate all borders and hard line transitions from one pattern to the next. The colors and patterns fade and melt into one another. It's sometimes hard to tell where one carpet ends and another starts! The Brintons design team put the final touches together helping to transform the designs from actual carpet to beautiful artwork."

Kelly Gilreath
Senior Interior Designer
