

Brintons

Name: The Seelbach Hilton
Louisville
Details: Axminster: 5,500 SY
Date: 2013

In collaboration with BCDG Studio, Brintons created 5,500 square yards of custom axminster carpets for The Seelbach Hilton Louisville.

"Our goal was to update the properties Grand Ballroom and Prefunction area finishes to the 21st century while being mindful of the existing architectural details. In collaboration with the Brintons' design team, who understood the project and our design goals, we created a spectacular axminster carpet for this historic property. It was a true success for the operator, Interstate Hotels and Resorts, Brintons', and BCDG Studio LLC."
